5.0	Access
6.0	Grid Connection
7.0	Other Matters
8.0	Conclusions

1.0 Introduction

The purpose of this report is to provide a detailed assessment of the wind resource at Upper Langridge Farm, Bath, and to recommend a suitable wind turbine for installation. The report is based on a site visit on 10.11.2009 and a review of the available data.

2.0 Site Description

The site is located on the east side of Upper Langridge Farm, Bath, and is bounded by a fence to the north and south. The site is approximately 100m x 100m in size and is currently used as a field. The terrain is relatively flat and the site is surrounded by trees and buildings.
